

Dear Baby Bird Feeder Volunteer:

This letter is in response to your interest in the Baby Bird Feeder program at the Wildlife In Need Center. If you would like to volunteer in 2020, please fill out an **Adult and Minor Baby Bird Feeding Application/Release Form** (which includes an Emergency Contact and Shift Availability Form), even if you have filled one out in previous years. We do ask for updated info each year.

We have 3 orientation classes scheduled. All volunteers, including past experienced baby bird feeders, must attend 1 of the 3 classes. Adults who will volunteer with 12- and 13-year olds should also attend. Parents and guardians of children ages 14 years and older are welcome as well but not required to attend.

BBF Orientation Dates: Tuesday, May 19, 2020, from 6:30pm-8:00pm
Saturday, May 30, 2020, from 6:30pm-8:00pm
Sunday, June 7, 2020, from 1:00pm-2:30pm

Where: Wildlife In Need Center
W349 S1480 S Waterville Road
Oconomowoc, WI 53066

Please call WINC at (262) 965-3090 or email mruiz@helpingwildlife.org to sign up for the orientation class of your choice and give names, the number of attendees and a phone number in case we need to change or cancel the class at the last minute. RSVPing for the class is important so that we can have adequate seating and class materials prepared. Bring your completed Baby Bird Feeding Application (including the Emergency Contact and Shift Availability Forms) to the class. These are 2-sided forms so please fill out both sides.

Feel free to call if you have any questions. Please note that children 12 and 13 years old must be accompanied by an adult, both for the orientation class and for volunteer shifts at the Center.

Our Baby Bird Feeders do such a wonderful job raising hundreds of young birds every year – we couldn't do it without them! Please feel free to tell your friends about our volunteer program, as well, and additional information is available on our website at www.helpingwildlife.org.

We look forward to seeing you!
