

JOIN OUR BABY BIRD FEEDING TEAM

Why Join?

We receive hundreds of hungry orphaned baby birds from May to September that need lots of quality care. If you are at least 15, you can help provide the attention and care that each bird needs to return it to the wild. If you are 12 to 14, you can team up with an adult guardian to help us with our baby birds. You must be committed to working one four and a half hour shift each week for about eight weeks.
